### The Man Putin Couldn't Kill Channel 4, 10pm

A look at what happened to Russia's opposition leader, Alexei Navalny, after he was taken ill on a flight to Moscow in August 2020. As world leaders pressured President Putin to allow Navalny to be airlifted to a hospital in Berlin, evidence surfaced that not only was Navalny poisoned by a Russian security service hit squad, but that they had been following him for years. ★★★★★
