

REAL LIFE

**LOOKING AFTER
MUM – A
CHILDREN IN
NEED SPECIAL
10.35PM BBC1**

Over several months, four young carers allowed cameras to follow their daily lives, giving an insight into what life's like for the UK's 700,000 young people caring for a loved one. Brothers Tom (10, right) and Joe (14) care for their mum, Vicky (left), who suffers with a rare liver disease, and despite his age, Tom takes his role seriously, never wanting to leave her side and trying to keep her spirits up. A truly inspiring documentary.
